

# BONNET SHORES BEACH CLUB

# BONNET BEACON

Issue 1

March 2018

## FROM THE OVAL CABANA . . .

There's so much to tell you in this issue: 1.) details about repairs, projects, and purchases at the facility 2.) exciting news about plans for the upcoming season and 3.) explanation of new policies and rules.

Let's start with the most important notice of the season. Opening Day will be Saturday, May 19. It can't come soon enough for me!

Now let's discuss the repairs and purchases. The construction projects have been many and varied. We turned off the water ourselves in the fall in lieu of contracting with a plumbing firm and, in the process, every pipe under the pavilion was labeled so that we now know where every unit's connections are. We did this on purpose in preparation for the infrastructure that will have to be built for the sewer connection. We are replacing the membrane roof in three areas ---- over the north and east legs of the square, over the leg that is north of the pool, and over the eastern-most leg of the pavilion. We are replacing awning frames as well as awnings in many areas. We are replacing the entire infrastructure of our communications system that is housed under the building and are placing the new wires / cables inside a conduit in order to guard against future deterioration. We've replaced the fascia in all the areas where the roof and/or the awning frames will be replaced due to extreme decay. We've rebuilt the board walk in such a way that it interlocks for ease during assembly. We are planning to install a vinyl ceiling with lights on the corridor going from the Main Entrance to the Main Deck. We are also planning to install vinyl siding on the Gate Shacks. And, as if that weren't enough, we are building a Pizza Parlor!

The majority of the work was done by our own Maintenance Crew made up of Michael Kelleher, George Horner, Josh Rondeau, and Rob Burch under the direction of our Facilities Manager Michael Boscia. The credit for so many repairs goes to them and also to the fact that we finally have a professional contractor on our Management Team in Michael Boscia.

Work steadfastly continues on many projects from roofs to awnings to building the new Pizza Parlor.

In addition, we are replacing the (heating / cooling) mini-splits in the restaurant, the beach rake, the skid steer, the pool lights, much of the furniture on the Main Deck, and many of the sleeves on the chaise lounges.

We've spent a great deal of money on these repairs and purchases, but these repairs are only a drop in the bucket. We all have to admit that this old building takes a beating due to the salt-infused environment. The building is in need of extensive repairs. Having said that, we believe that we have spent --- and will continue to spend ---- your repair dollars wisely. I need to thank Treasurer Mark Mesrobian and also the Finance Committee under the chairmanship of Owner Bob Anderson for their numerous hours of work guiding the Board through the Budget process. We all clearly understand the need to operate effectively and efficiently.

Now let's turn to plans for the 2018 Season. We're beyond excited about Kevin Gaudreau coming on board as Chef / Food and Beverage Manager. He has impeccable credentials not only in the culinary aspect of the position, but also in the managerial / financial aspect. We truly believe that he will deliver the product that our Owners demand and deserve. Kudos and thanks to Board Member Victor Samaha for finding this gem.

The Management Team has dedicated countless hours to making sure that the upcoming season will be a great one. The Entertainment that has been booked will see some old favorites returning to the Beach Club as well as some of the best up-and-coming talent in the state performing for us for the first time. And, although I cannot at this time make any promises, we're looking into bringing fireworks back by shooting them off from a barge. At this moment, we're still working on this project with the hope that it can come to fruition. Keep your fingers crossed!

And let's not forget our kids! The Team is working on various events that will give our children a summer of unforgettable memories from Kids' Camp two mornings a week to swim and tennis lessons to Kids' Carnival (Hey, who from the Management Team or the Board do you recommend be in the dunk tank this year?) to Lollipop Day to Halloween to Christmas in July to a return of the Sand Castle Contest.

An explanation of new policies and rules (in some cases, based on owner suggestions) will follow in the body of this newsletter. Please be sure to acquaint yourself with them because they will affect life at the Beach Club. Please understand that the Board deliberated long and hard before coming to any decisions.

Enclosed you will find the announcement of the upcoming Annual Meeting. As you know, the main thrust of that meeting is to elect the Board for the coming year. The Nominating Committee has interviewed candidates and has settled upon a slate for the 2018 Board of Directors. We thank everyone who has volunteered to serve and we urge you to consider volunteering next year. We always like to see new folks stepping up to volunteer to sit on the Board. Yes, it's very time consuming. Yes, it's sometimes frustrating. And yes, it's also very rewarding. I personally consider it a privilege to represent our Club as your President.

All in all, I'm proud to say that everyone from the Management Team to the Board to the Committee Members to the Maintenance Crew have spent many a long day and many a long meeting preparing for 2018. In addition, we would like to thank former Board Presidents Carol O'Donnell and John Coletti for their support and guidance during this off-season on several fronts.

I'm quite confident that we're all in for a great summer at our oasis by the ocean. I look forward to seeing you again on the board walk and in the board room.

Kevin Lynch, BSBCCA President

## **NEWS FLASH ---- NEW CHEF**

We have some very hotsy-totsy news. We have hired a new Chef / Food & Beverage Manager. Kevin Gaudreau is an award-winning Chef of significant repute as you can see below.

His experience includes:

- Executive Chef at The Pier and also at The White Horse Tavern in Newport
- Executive Chef and General Manager at Ruth's Chris Steak House in Providence
- Executive Chef at Trattoria Simpatico in Jamestown

Among his many noteworthy accomplishments are:

- 2011 – Grand Champion on BRAVO's "Rocco's Dinner Party" and awarded the \$20,000 prize
- 2011 – Invited to participate as a Celebrity Chef in Food & Wine Magazine's "Newport Wine & Food Festival"
- 2011 – Invited to Kinsale, Ireland as a "Celebrity Chef" to help launch the inaugural "Irish National Chowder Cook-Off"
- 2009 – Recognized by the March of Dimes as their "Signature Chef" for the State of Rhode Island
- 2007 – Represented Rhode Island in the "Great American Seafood Cook-Off" in New Orleans

Chef Kevin has cooked for the James Beard Foundation on three occasions.

He is a mentor for The Culinary Institute of America.

For the last four years, he has been recognized by "Best Chefs in America", a national publication that includes only the top 5% of the working professional chefs in America.

His recipes have graced the pages of Bon Appetite, Boston Magazine, Rhode Island Monthly, New England Travel & Life, The Boston Globe, and various other publications.

We're beyond thrilled to welcome Kevin to our Management Team. (Hey, I'm not a betting person, but if I were, I think I'd bet a boatload that our food service is going to go from "woe" to "whoa!".)

PLEASE NOTE: This very same announcement was emailed to our owners / members on February 9<sup>th</sup>. If you did not receive it, that means that we don't have your email address. In order to get onto our email list, just contact us at [memberservices@bonnetshoresbeachclub.com](mailto:memberservices@bonnetshoresbeachclub.com). You don't want to miss anything else!

## **FLASH --- NEW FOOD VENUE**

Are you ready for this one? We're opening our own Pizza Parlor! Apparently, our new Chef is a whiz at making his own dough, so what better application than pizza? The Pizza Parlor will be in the space that used to house the game room. We're proud and happy to announce that it was designed by our very own Carol O'Donnell in concert with Chef Kevin. If you are not aware, Carol owns a construction company and has an outstanding reputation in the industry. We are ever so grateful that Carol did the work for us at no cost and we owe her a huge debt of gratitude. This is just one example of everyone coming together to make a better future here at the Beach Club. (When you see Carol, please be sure to give her a cheery "thank you.")

The Pizza Parlor will have a few high-top tables and maybe a video game or two. Of course, take out will be the primary focus. Once you try Chef Kevin's pizza, it will become a staple in your life!

## **NEWS FLASH ---- EXTENDED FOOD SERVICE**

With the on-boarding of a new Chef / Food & Beverage Manager of such a high caliber comes a new era. The Restaurant will now be open more --- at least one additional evening. Moreover, there will be a new menu and the Restaurant will have a bit of a different look. And who knows what Chef Kevin has in store for us in the other food service venues? These are definitely exciting times at the Beach Club.

We're hoping that the new and improved F&B service will turn our dining room into a destination restaurant. With any luck, you'll want to dine here not only on the sunny days when you happen to be at the Beach Club anyway, but also on those rainy and/or cool days when you're just looking for a great place with a great view to enjoy a great dinner. Be sure to put 783-3739 on speed dial --- do it right now!

## **NEWS FLASH --- COMMON SENSE**

Yes, we will admit that sometimes we struggle with this. (Hey, I heard you say "Sometimes?") But here's something that's been overlooked and we would like to correct that. Bonnet Bucks can, of course, be used at any of the Food & Beverage venues ---- the Snack Bar, the Pit Bar, the Pit Grill, the Restaurant, and now the Pizza Parlor. But please know that you can also use them for any Beach Club event that does not involve a vendor. So, for example, this means that you can use them for Italian Night and Irish Night (but not for Wine Dinners or Cigar Nights). Just wanted to clear that up.

## **NEWS FLASH ---- GREAT ENTERTAINMENT**

This year promises to see some great bands at the Beach Club. The ever-popular Steve Anthony and Persuasion will be performing twice. And two much-requested favorites will be returning to our stage after an absence --- World Premier and Steve Smith and the Naked. We also have seven bands which will be performing for the first time at the Beach Club. They are the best in up-and-coming talent, performing regularly at the Ocean Mist and at the Newport Blues Café. So grab your dancing shoes and join us in the Pit. (The complete entertainment schedule is on the last page of this issue and is also posted on our website.)

## **NEWS FLASH --- NEW SHUTTLE**

We are no longer going to use a school bus to transport members and guests from the satellite parking lot to the Beach Club. We are renting a new air-conditioned van for that purpose. Last season, we shared the bus with the Fire District which meant that the bus had to make multiple stops in the Fire District. This year, with our own van, the trip will be much shorter because it won't make stops all the way around the Fire District.

## **NEWS FLASH --- MEMBERS ONLY DAYS**

Members Only Days will take place as usual on the third Sunday of July and of August ---- July 15 and August 19. Entertainment on July 15 will be KB 3 --- a big band with a big sound. Entertainment on August 19 will be none other than our old favorite World Premier!

Remember that no guests at all are allowed to enter the facility on these two days --- not After 4 guests, not voucher pass guests, not live-in guests.

## **NEWS FLASH --- SMOKING SURVEY**

Smoking surveys have been coming in slowly and are still coming in; hence the delay in making a decision. One could anticipate that the issue of whether or not to allow smoking to continue at the Pit Bar will most likely be discussed and decided at our next Board Meeting on April 9<sup>th</sup>. One could expect that the results of the survey will be released at that time.

So if you feel strongly one way or the other, you might want to consider attending the Annual Meeting, also on April 9<sup>th</sup> in order to voice your opinion. Of course, you can still send us the survey or you can simply

email us your opinion before the Annual Meeting at [memberservices@bonnetshoresbeachclub.com](mailto:memberservices@bonnetshoresbeachclub.com). Why not just go do it now? Let your voice be heard.

### **NEWS FLASH ---- BEWARE OF IMPOSTERS**

You all know that our website address is bonnetshoresbeachclub.com. It will soon be loaded with all sorts of information from the menus for each venue to the entertainment schedule to special events to summaries of Board Meetings. In addition, you can find the dates of upcoming Board Meetings and a link to email the Board under the heading of "BSBC Board of Directors" as well as a link to email each of the Managers under the heading of "BSBC Team." And let's not forget everybody's favorite ---- the webcam!

However, there is another website out there called beachclublife that seems to imply that it is the official website of the Beach Club. IT IS NOT!! It has no relationship to us whatsoever. It is written by a former employee who, we think, seems to be intent upon besmirching the Beach Club and some associated with it.

Our website is the only one with reliable information. Everything that we post is the absolute truth. Stick with bonnetshoresbeachclub.com --- it's safe, non-fattening, and definitely addictive.

### **NEW POLICY --- PARKING STICKERS**

In an effort to better control the cars parking in our lot, parking stickers will not be mailed. You must go to the office with your license and your vehicle registration to get your parking sticker. A member of our Staff will affix the sticker to your vehicle. Yes, having to go to the office to pick up your parking sticker may be a royal pain in the you-know-what. But maybe this will have an impact on the number of cars trying to get into our lot on a hot Sunday afternoon.

Remember --- only one parking sticker per licensed driver will be issued.

### **REMINDER OF AN OLD POLICY ---- PARKING LOT**

Last season, we instituted a policy of green cones and red cones (well, they actually look orange to me) in front of Nardolillo's Funeral Home and in front of Bonnet Liquors on Sundays. Green cones mean that our parking lot is open. Red cones mean that our parking lot is closed. If a member or owner sees the red cones, s/he should go directly to the satellite parking lot.

We know full well that many owners simply refuse to use the satellite lot. That is certainly your prerogative. If you prefer to spend an hour on a hot Sunday afternoon sitting on the causeway waiting to get into the lot . . . hey . . . who am I to argue with you?

However, we wish we could convince you to use the satellite lot, especially in view of the fact that this season we have a brandy new air-conditioned shuttle van that we're renting every weekend so that you can ride from Nardolillo's in air-conditioned peace and tranquility. You might even be inclined to meditate during the ride!

### **NEW POLICY --- PARKING LOT**

There's no question that we have a parking lot problem. We have 845 spots, 930 units, some 2000 owners, and some 4500 members. We don't even have enough spots for every unit to have just one spot. There is just no way that we can fit everyone into our lot.

Last season, Facilities Manager Michael Boscia managed to add some 30 spots to the lot, bringing the capacity to our current 845. That helped a little.

This year, we're instituting a new policy in order to help a little more. As you know, each unit has the ability to purchase additional memberships. For example, a bathhouse and a mini-double get 4 entitled memberships and have the ability to purchase 2 additional memberships; a cabana gets 8 entitled memberships and has the ability to purchase 4 additional memberships.

This year, the vehicles of entitled memberships will receive a green parking sticker. The vehicles of additionally purchased memberships will receive a red parking sticker.

The vehicles with green parking stickers may park in our lot any time. The vehicles with red parking stickers may park in our lot any time EXCEPT:

before 4pm on the Sundays between July 1<sup>st</sup> and Labor Day

before 4pm on Labor Day and Memorial Day

before 4pm on the Fourth of July

before 4pm on Fireworks Day (If there is one --- we're still working on this project)

Vehicles with red parking stickers will **NEVER** have to pay to park.

Accordingly, vehicles with red parking stickers should pay special attention to the red cone / green cone system that we'll be using in front of the Nardolillo Funeral Home and in front of Bonnet Liquors. If the red cones are up, the vehicles with red parking stickers should go directly to the satellite lot at Nardolillo's.

We're really hoping this new policy --- which was actually suggested by the Bylaws Committee --- will encourage members to car-pool, thereby lessening the load on the lot. We don't know if this will solve our parking problem, but we have to try something to alleviate the serious parking situation.

### **ENFORCEMENT OF AN OLD RULE --- GUEST PASSES**

Only owners may buy and / or return guest passes. Guest pass purchasing rights are not transferable. So if you call the office and ask that your son / daughter / brother / sister / great-aunt Gertrude be allowed to purchase guest passes even though s/he is not an owner, the office staff will not be able to help you.

### **NEW RULE ---- GUEST PASS FEES**

Guest Pass Fees have remained static since 2012 and since that time have been based on \$8. This year they will increase to a base of \$9. That means that:

weekdays will be \$9

Friday Movie Days will be \$9 all day

weekends, Memorial Day, and Labor Day will be \$18

Sundays between July 1<sup>st</sup> and Labor Day will be \$27

Fourth of July will be \$27 all day

If we have a Fireworks Day, there will be a special guest pass

The weekday After-4 Guest Pass Fee will be \$2.

Please check the Rule Book for the complete guest pass fee schedule.

### **NEW RULE ---- GUEST PASS RETURNS**

Guest pass refunds will be issued only to owners and only in the amount of \$5 per guest pass. The weekday After-4 guest pass will not be refundable. Please stop screaming for one minute and allow me to explain ----- it is very difficult to adhere to a budget when some \$25,300 of returns were issued at the end of the season. (Yes, that's how much was refunded last season.) In view of the fact that the refund will be \$4 less than the purchase price, we strongly urge you to purchase only what you need. If you control your guest pass purchases, you won't even be affected by this new policy.

### **NEW POLICY --- SELLING SEASONAL MEMBERSHIPS**

We all know that many owners sell seasonal memberships. They are certainly at liberty to do that. However, over the years, many people have asked the Board to stop this activity due to concerns that the people who buy those season memberships are not really attached to a unit and, therefore, may not adhere to our rules and policies. There is no way that we can do that ---- those memberships belong to the unit owner to do with as s/he pleases; it's all part of owning a unit.

Having said that, we're going to make a policy change that we hope will encourage owners not to sell those memberships. We're increasing the value of the Voucher Pass so that when an owner exchanges a membership for guest passes, s/he will receive 70 guest passes. That brings the value of the Voucher Pass up

to \$630. (In previous years, it had a value of \$400.) We're hoping that owners will exchange a membership for the Voucher Pass instead of selling that membership in view of the fact that the value of the Voucher Pass is now just about the same as the value of selling that pass.

This new policy ----- which had its origins in the Bylaws Committee ---- is our attempt to offer owners a viable alternative to selling that un-used membership.

### **NEW SUGGESTION --- FIRE EXTINGUISHER**

It has been suggested that cabana and live-in owners should have a fire extinguisher in the unit. We have to admit that it's not a bad idea. However, we want to be sure that if the need arises, you call 911 FIRST and then grab the extinguisher. And be sure to make your priority getting the heck out --- we all know that the pavilion is made of old, dry wood, so let's not take any chances.

### **NEW RULE --- GRILLS**

Grills must be stored inside the unit without the tank. The tank must be stored in the provided cage. Of course, this means that grills cannot be left against the building / under the horseshoe windows as they have been for the past few years.

Yes, we know that the grills will take up a great deal of space inside the unit. So please allow this writer to make a suggestion. I have recently learned (from a second-floor cabana owner who does exactly this) that one can purchase a gas grill with a non-attached stand. The stand folds and can easily be stored behind the unit door. The grill itself can be stored on a shelf or atop the refrigerator. Just sayin'.

### **RESURRECTING OLD RULES --- GRILLS**

Grills may be used on the ocean side of the boardwalk and/or the building and must be ten feet from the boardwalk and/or the building. And no grilling is allowed on the parking lot side of the building. Wait --- did you already forget what we just said about old, dry wood?

### **NEW POLICY ---- SECURITY PHONE**

During the Season you call the office from your cell phone if you have a security issue. But what happens after 4pm during the Season when the office is closed? Here's the answer ----- you call Security directly on the Security Hotline which will be activated every day at 4pm. Just dial 439-6286 for help quick as a wink.

### **NEW POLICY --- CABANA STAFF PHONE**

Management has decided that the Cabana Kids can utilize their time more effectively by addressing various chores in addition to helping you un-load your car. Accordingly, you will not find them sitting at the front stairway awaiting your arrival. So, if you need help, just dial 439-8348 when you pass through the gate. Facilities Manager Michael Boscia will be sure to immediately send a Cabana Kid to the entrance to help you.

### **ENFORCEMENT OF AN OLD RULE --- F&B VENUES**

We have a rule which, apparently, has been forgotten in recent years: No one shall bring food or beverages into any F&B venue while either is being served.

We have been very lax about enforcing this rule in the past. Please be advised that we will henceforth be more diligent about enforcement.

This means that on Trivia Nights, on Card Nights, and at Patriots Tail Gating Parties, no one will be allowed to bring food or beverage into the Pit.

This only makes sense. Come on --- can you go into any restaurant or bar out there in the real world with your own food or beverage? Puh-lease.

## **NEW POLICY --- UTILITIES FEE**

Some bathhouse owners are questioning why they have to pay a Utilities Fee for just a light bulb. Come on, are we nutty enough to do that to you? (Uhh . . . don't answer that!) In the past, the Electrical Fee was assessed only to units with either an electrical panel or a plug in order to help us pay our electrical bill. But when you really think about it, that makes no sense. What about the electrical usage for the pool, or in the restaurant, or in the snack bar, or in the pit, or in the bathrooms, or in the offices, or in the maintenance department? We all need to share that cost ---- that's what ownership in a condominium association means.

And what about the phone bill? And the cable bill? And the water bill? We all need to share those costs.

I have actually over-heard owners complain about paying a fee and saying, "Let the office pay for it." Are you kidding me? The office has no money other than what comes out of the pockets of the owners.

Hopefully, now you can see that all we are doing is splitting all the utility bills fairly among all the owners. It has absolutely nothing to do with what you have in your particular unit.

## **NEWSFLASH --- EMPLOYEES**

How many of you know that all the Managers (G.M., Assistant G.M., Member Services, Business, Facilities, F&B) as well as the Maintenance Crew (with another three full-time employees) work year-round? And that if you call the office and leave a message, someone will call you back? And that the Facilities Manager and his Maintenance Crew work all winter --- even on those brutally cold days --- to make repairs to the building? And that the G.M., the Member Services Manager, and the F&B Manager are making plans and preparations for the next season every day during the off-season? And that the G.M. and the Business Manager are involved in all aspects of the Annual Budget preparation? And that the Business Manager takes care of keeping every aspect of our operation going by paying all bills, by keeping all of the owners' accounts current, by preparing all documents for our accountants? And that the G.M. supervises every aspect of the off-season operation? Come on, let me see a show of hands. Heh, just as I thought --- not many hands at all. So listen and learn, folks. These dedicated employees are putting in long days all year round protecting your investment.
